High School Math Teacher: 2025-2026 School Year

The Lynnhaven School, an Experiential Learning high school seeks a dedicated and passionate High School Math Teacher for the 2025-2026 academic year. This full-time position will teach Integrated Algebra and Geometry, Algebra II, and Pre-Calculus, responsible for 3-4 sections of these courses.

About The Lynnhaven School

Lynnhaven is an Experiential Learning high school based on the Progressive Education Theory made famous by John Dewey. Our approach focuses on critical thinking, collaboration, and hands-on learning. Education should be engaging, meaningful, and empowering, preparing students to navigate an ever-changing world with confidence and curiosity. Learn more about our mission and philosophy at www.lynnhavenschool.org.

Key Responsibilities

- Plan and deliver engaging, inquiry-based lessons in Integrated Algebra and Geometry, Algebra II, and Pre-Calculus.
- Foster a hands-on, student-centered learning environment that emphasizes real-world applications of mathematical concepts.
- Use progressive assessment strategies beyond traditional testing to evaluate student understanding and growth.
- Differentiate instruction to meet the needs of diverse learners, ensuring all students feel challenged and supported.
- Incorporate technology, and manipulatives to deepen student understanding.
- Collaborate with colleagues to align the curriculum with Lynnhaven's experiential learning philosophy.
- Serve as a grade-level advisor, providing mentorship, academic guidance, and social-emotional support to a small group of students.
- Participate in school-wide initiatives, professional development, and community events to support the Lynnhaven mission.

The freedom to be. The responsibility to do.

Hours & Work Schedule

- This is a full-time, 10-month position.
- Work hours are Monday – Friday, 7:30 AM – 4:00 PM.
- Occasional evening or weekend hours may be required for school events, conferences, or professional development.

Qualifications

- Bachelor's degree (or higher) in Mathematics, Math Education, or a related field.
- Prefer at least 3-5 years of teaching experience at the high school level, preferably in an inquiry-based, student-centered environment.
- Passion for progressive education and a commitment to experiential, interdisciplinary learning.
- Strong ability to differentiate instruction to meet the needs of diverse learners.
- Excellent communication skills and a collaborative teaching style.
- Proficiency in integrating technology into instruction to enhance learning.

Compensation & Benefits

- Competitive salary, commensurate with experience.
- Comprehensive benefits package, including professional development opportunities.
- Small class sizes allow for meaningful student engagement.
- A supportive, innovative school culture that values creativity, inquiry, and real-world learning.

How to Apply

Interested candidates should submit a cover letter, resume, statement of teaching philosophy, and a list of three references with emails and phone numbers to careers@lynnhavenschool.org. Applications will be reviewed on a rolling basis until the position is filled. No phone calls or visits, please.
