

## **High School Science Teacher: 2025-2026 School Year**

The Lynnhaven School, an Experiential Learning high school, seeks a dedicated and passionate High School Science Teacher for the 2025-2026 academic year. This full-time position will teach Integrated Science I and II (a blend of Biology, Chemistry, and Physics) and Advanced Biology, Physics, or Chemistry to 11th and 12th graders. The teacher will be responsible for 3-4 sections of these courses.

### **About The Lynnhaven School**

Lynnhaven is an Experiential Learning high school based on the Progressive Education Theory made famous by John Dewey. Our approach focuses on critical thinking, collaboration, and hands-on learning. Education should be engaging, meaningful, and empowering, preparing students to navigate an ever-changing world with confidence and curiosity. Learn more about our mission and philosophy at [www.lynnhavenschool.org](http://www.lynnhavenschool.org).

### **Key Responsibilities**

- Plan and deliver dynamic, inquiry-based lessons that integrate concepts from Biology, Chemistry, and Physics.
- Foster a hands-on, lab-based learning environment where students actively explore scientific principles.
- Guide students through interdisciplinary projects that connect science to real-world challenges.
- Use progressive assessment methods that go beyond traditional testing to evaluate student growth and understanding.
- Provide individualized instruction and support to help students develop a deep understanding of scientific concepts.
- Collaborate with colleagues to align the curriculum with Lynnhaven's experiential learning philosophy.
- Serve as a grade-level advisor, providing mentorship, academic guidance, and social-emotional support to a small group of students.
- Participate in school-wide initiatives, professional development, and community events to support the Lynnhaven mission.

The freedom to be. The responsibility to do.

## **Hours & Work Schedule**

- 10-month position beginning in August and ending in May
- Work hours are Monday – Friday, 8:00 AM – 4:00 PM.
- Occasional evening or weekend hours may be required for school events or special projects.

## **Qualifications**

- Bachelor's degree (or higher) in Science Education, Biology, Chemistry, Physics, or a related field.
- Prefer at least 3-5 years of teaching experience at the middle or high school level
- Passion for progressive education and a commitment to experiential, interdisciplinary learning.
- Strong ability to differentiate instruction to meet the needs of diverse learners.
- Excellent communication skills and a collaborative teaching style.

## **Compensation & Benefits**

- Competitive salary, commensurate with experience.
- Comprehensive benefits package, including health, dental, vision, retirement plans, and professional development opportunities.
- Small class sizes allow for meaningful student engagement.
- A supportive, innovative school culture that values creativity, inquiry, and real-world learning.

## **How to Apply**

Interested candidates should submit a cover letter, resume, statement of teaching philosophy, and a list of three references with emails and phone numbers to [careers@lynnhavenschool.org](mailto:careers@lynnhavenschool.org). Applications will be reviewed on a rolling basis until the position is filled. No phone calls or visits, please.
